Prof. Wood's Hair Restorative | Pleas within and for the County of Meigs, in Says the St. Louis, (Mo.) "Democrat:" Below, we sublish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useles puffery from the press:

Professor O. J. Wood & Co.:

Gentlemen: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five soft and provided to Peter Hine in the sum of \$300.00. The obje soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am a sured that whoever will sightly. rightly use, as per directions, will not have occasion contradict my statements. I am a citizen of this ity and a resident here for the last fifteen years, and myself. I am, truly, yours,
